## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claim(s) 1-2, 4-5 & 8, drawn to "a metronome for reading data on the intervals of beats, measuring the intervals sequentially, and presenting the timing visually and auditorily each time an interval elapses."

Group 2, claim 3, drawn to "a metronome in which the time when the movement of a point changes from downward movement to upward movement is made the timing of beat."

Group 3, claim(s) 6-7, drawn to "a method for creating a medium where performance is recorded and [saved] to a recording medium."

2. The inventions listed as Groups 1, 2, & 3 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group 1 involves reading out data and measuring "takt duration time," Group 2 involves controlling a metronome's display in a particular way, and Group 3 involves recording a performance.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANDREW R. MILLIKIN whose telephone number is (571)270-1265. The examiner can normally be reached on M-R 7:30-5 and 7:30-4 Alternating Fridays (EST).
